## Makes Beautiful Ceramics Mrs. Caperton Enjoys Hobby

By Lois Sapp  
Among the many talents of Mrs. Narvie Caperton, is the making of ceramic figures.

The Biblical Christmas scene in her most recent accomplishments. Done in beautiful stains, the miniature scene seems to bring alive the birth of Christ.

Each of the 29 figures are painted in lifelike colors. A variety of splendid colors were added to high-

light the delicate replicas of the three wise men on their camels and the shepherds coming to pay tribute to Mary and Joseph and their new born Son.

Mrs. Caperton said she started with the greenware, which is poured from ceramic slips. She cleaned them with tools and fired them in a kiln to a bisque.

"I started with the basic color and then made my own colors to get the effect that I wanted," Mrs. Caperton said. When they were all finished they were sprayed with plastic, she said.

Mixed colors were needed to acquire the camel, donkey, cow and lamb shades that would be closest to reality. She acquired not only this, but also gave the lifelike portrayals the look of being very real.

The wise men were done in shades of lavender, red, golds and blues with highlight colors and shaded area. The shepherd boy holding the lamb was done in a beautiful off red. To gain the effect Mrs. Caperton wanted she worked to have bright colors and then worked out the highlights.

Mrs. Caperton has been working on the Christmas ceramic figures for several months. They were originally to be for her grandchildren, Donna Beth, Karen and Lorrie Logan of Houston.

The Logans wanted her to share them with people in Cameron, so Mrs. Caperton agreed to display them at the First Baptist Church on Sunday, December 22, where she is a member.

Making this Christmas scene was not something new for Mrs. Caperton.

"I have been making ceramics for nine years," she said and her home reveals her love for this work.

Some beautiful pieces that she has done during these years are placed in the living room of her home at 1103 East First.

Among these are two beautiful china paintings in porcelain of a little girl and boy, to be presents for her grandchildren at Christmas.

## Rev. C. A. West To Leave Cameron, Minister Named

Rev. C. A. West, minister of the First Methodist Church in Cameron, will move to Gilmer January 2 to serve the First Methodist Church there. Rev. Richard M. Freeman will come here to serve the Cameron church.

The announcement of Rev. West moving to Gilmer came Thursday night at an official church board meeting.

Judge Don Humble, chairman of the board, said the retirement of a church minister brought about the move of Rev. West and about 11 other moves in the Texas Conference.

The sudden decision was made by the Bishop and his cabinet which is composed of the eleven District Superintendents in the Texas Conference.

Rev. West and his wife will move from the church parsonage on January 2. He has served the Cameron church for a year and a half, after moving here from Crockett. During his 29 years in the ministry, he has also served churches in Port Arthur, Rosebud and Calvert.

### RECEIVES PRAISE

Judge Humble said, "We all hate to see him leave Cameron and the Methodist church. He is very popular in the church and his preaching is outstanding. Rev. West has done a marvelous job and conducted a well-rounded program within the church and has been very strong in the church commissions in seeing that they have functioned properly."

Mrs. West has also been very active in many church and civic activities since coming to Cameron. She has served as a teacher in the Couples Class, leader of the childrens Methodist Youth Fellowship group, and worked as an officer in the WSCS and in various other capacities within the church.

She has also been an outstanding figure in helping to influence many citizens as to the value of oil painting as a cultural and spiritual asset.

### REV. FREEMAN

Rev. Richard Freeman, 29, will assume his position in the Cameron church immediately following Rev. West's departure. He is presently serving the St. John Methodist Church in Texas City, having been there for four years.

## Rosebud Doubles Water Purchase

The amount of water being shipped by tank cars from Cameron to Rosebud has doubled in the last week as Cameron's neighbor to the north is still fighting a drought situation. Water Supt. Alvin Heft said four car loads are being shipped daily since the slight rains in the area have still not helped restore the water supply.

Arrangements were made last Monday for two more tank cars to carry an additional 25,000 gallons of water to Rosebud daily. The agreement was made by Rosebud City Manager Danny Hyden, Heft and the Southern Pacific Railroad.

Two of the tank cars are being loaded at the Cameron Compress Company while the other two cars are loaded by the Cameron Water Dept.

A city employee is helping to load the cars free of charge and Heft said this would be done as long as possible to help Rosebud during its critical water shortage.

City Manager Hyden expressed his appreciation to Cameron and the Southern Pacific Railroad for this service, Heft said.

### OVER MILLION GALLONS

Compress officials said through Monday, 71 tank cars of water had been shipped to Rosebud. This is approximately 860,000 gallons of water.

## Joe F. Dohnalik, Former Resident Dies In Rogers

Joe F. Dohnalik, 56, former resident of Milam County, died Saturday at his home near Rogers. Funeral services were held Monday at the St. Monica Catholic Church. The Rev. John Geiser officiated with burial in the St. Monica cemetery. Rosary was recited Sunday at the Marek-Burns funeral home.

A farmer, Mr. Dohnalik was born December 8, 1907, near Rogers. He had lived in Milam County for many years before moving to Rogers three years ago.

Survivors include his wife, Mrs. Annie Dohnalik of Rogers, one son, Ladis Dohnalik of Temple; daughter, Mrs. Louis Vrazel of Cameron; three brothers, Charlie Dohnalik of Buckholts and John Dohnalik of Freer; Dohnalik, both of Cameron; sister, Mrs. Adolph Kuba of Temple and five grandchildren.

## 'Drive Safe, Live Thru' Yuletide

Cameron and Milam County are preparing for a traditionally quiet Christmas on this Christmas Eve. City, County and State officials urge safe driving over the nine day holiday season beginning at 12:01 a.m. Tuesday, December 24.

Cameron Police Chief Elvin Hoskins appeals to the people and urges everyone to drive with care and caution on the streets of Cameron.

### POLICE CHIEF APPEALS

"Let's make it as safe as it was last Christmas and have the same excellent record," Chief Hoskins said.

During the Christmas holidays in 1962, there were no reported accidents or even a bent fender within the city limits of Cameron.

The record for Milam County listed five wrecks with one fatality during the holidays last year. The Texas Safety Association has officially issued its annual "Accidental Death Alert." Quincy V. Tuma of Houston, TSA President, appealed to all citizens to put safety "first" during this critical period.

### SAFETY URGED

"Whether you are at home, at work or behind the wheel of your automobile, put safety first," he said. "And stay 'alert' to avoid an accident."

He challenged citizens to accept their moral responsibility to conduct themselves in a safe manner and to "be thy brother's keeper."

The President reported that TSA has joined other groups throughout the State in the annual appeal to fatality toll estimated for the holiday season.

### Shell Schedules

### Second Deep Test

Milam County, which had a 16,000 foot snackover wildcat scheduled by Shell Oil Company two weeks ago, gained another deep test last week.

This new wildcat, permitted to 5,000 feet, will be drilled by C. Howard Phifer of Houston and is the No. 1 Mary Alice Porter. Location is on a 98.5 acre tract in the M. Raiston Survey, 5 miles south of Rockdale.

Last week the location had been cleared for Shell Oil Company No. 1 Adoue Estate, to be a deep try in eastern Milam County.

The wildcat reportedly has created a good deal of interest.

### Brighter Christmas

## Friends Help Lewis Family

Cameron and Buckholts donors are trying to give the J. D. Lewis family a somewhat brighter Christmas through their donations to the J. D. Lewis fund.

Mrs. Willie Dudik, who is handling the donations, said "We did not anticipate the generous donation from Cameron and are very pleased."

By Monday about \$150 had been received by her and deposited in the Buckholts bank in the Lewis fund.

Mrs. Dudik said about 20 persons have donated to the fund, mostly from Buckholts and Cameron and one was received Monday from Branchville.

The Lewises, who were taken by gunmen from their home and left bound and gagged near Little River on Dec. 9, are still suffering from the tragic ordeal they went through.

Their terror was renewed last Sunday and Monday when they heard the gunmen had returned to their community, Mrs. Dudik

Last year, there were 208 violent deaths during the 11 day Christmas-New Year period. This year, the Texas Department of Public Safety has estimated that 180 persons will meet violent deaths during the nine-day holiday period.

Ninety-six persons will be killed in motor vehicle accidents, 44 persons will be killed in non-vehicle accidents and 40 persons will be victims of suicide and homicide, they reported.

The TSA "Accidental Death Alert" period coincides with the annual death watch of the DPS. This year "Operation Deathwatch" ends at 11:59 p.m. Wednesday, January 1.

### TSA WARNS

J. O. Musick, general manager of the Texas Safety Association said, "Tuesday is Christmas Eve, for most of us the most sacred of holidays, but each year on this day some of the most heart-rending of highway tragedies occur."

Officials of all traffic law enforcement agencies warn against drinking intoxicants and driving, yet too many drivers take a dare-putting themselves above the law and placing their passengers in unnecessary danger," Musick pointed out.

### 10 CARS WRECK

Bad weather and icy streets and highways have already added to the danger of driving on this pre-holiday season.

By mid-morning on Saturday, there had been three wrecks in the surrounding areas involving 10 cars. There was at least one injury, officials reported.

There was a seven car accident on Deer Creek bridge, near Chilton, caused by ice that had formed on the bridge. One injury was reported.

Another one car accident was reported on the icy Pond Creek bridge near Rosebud and a third accident was reported in Thornedale. It was a two-car collision and local authorities said there were no injuries reported.

"Please drive with care, not only on the icy highways or during the holiday season, but every day of the year so that many of these accidents may be avoided," Chief Hoskins urged.

The Cameron schools began their Christmas holidays last Friday and will resume classes on January 2. Chief Hoskins also warns these young drivers to drive with care.

## Out-Of-Town Drive To Begin

Out-of-town prospective donors will be receiving letters during the early part of the new year seeking their support for the building of the new Cameron Public Library.

The letters will explain the proposed new cultural center for Cameron, the ways in which one can contribute and an outline of the history of the library's growth.

Miss Mildred Thornton, Library Board President, said some funds from local citizens have been received and many have notified library officials of their intentions to give generous donations after the holidays.

Library Board of Directors set the \$40,000 library fund drive in early December.

Letters were sent to many persons in Cameron seeking their pledges for the first phase of the drive.

Miss Thornton said gifts may be made in cash, or one-third cash, and one-third by pledge in each of the following two years. Persons may deposit monies or pledge at one of the Cameron banks or with one of the library directors.

Completing the fund drive and the building of a new structure will climax almost 10 years of library growth in Cameron.

In 1955 the Cameron Public Library got its start in a frame barracks-type building located adjacent to the present Little League

field.

Presently the library is located across from the courthouse square and although the conditions are much improved they are still inadequate to handle the growing demand.

Noting these conditions, the City Council set aside a site on East Fourth Street on which to build the new library structure. Later they set aside \$10,000 to be used in the construction program.

They also approved a \$2,500 Library Maintenance Fund which was endorsed by the residents of Cameron.

### Santa Presents

### Gift Winners

Santa was in downtown Cameron Saturday for his last visit to this city until Christmas Eve when all little boys and girls hope he will visit their home.

Many children talked with Santa as he went from store to store handing out candy and gift certificates to the public.

Gift certificates worth \$10 in any of the participating stores were given out and drawings were held during the afternoon.

Winners of the gifts were Morris Bornfield, Leona White and Dennis Sapp.

Joy to the world on this Christmas!

We wish you the blessings of the Day.

## WHERE'S HENRY TONIGHT?

Several years ago Henry cast his lot with this twenty-four-hour-a-day business. He is just one of hundreds who make it their business to provide around-the-clock service to TP&L's 415,000 customers. He may be out repairing lines blown down in a storm — or re-fusing a transformer. He may be out in the neighborhood talking to his friends about our rich American heritage. He may be off in another state trying to persuade a manufacturer to locate a new plant in his town — or away at TP&L's training center learning how he can improve himself and do a better job for TP&L and you.

But lots of nights lots of Henrys are away from home. And you, our patrons, are the beneficiaries. For you see, we are so organized, with 40 district and local offices, that there is always a Henry close to you who is trained and ready to respond to your every need for low cost dependable power.

### Notes

By Charles W. Henson  
Asst. Milam County Agent

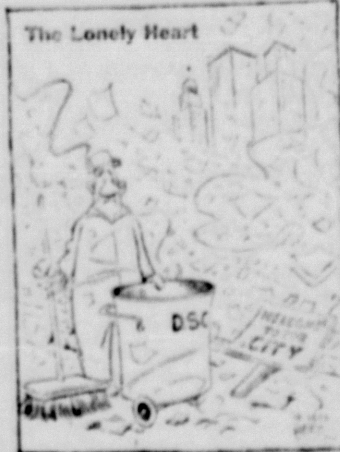

Judy Parmelee, daughter of Dr. and Mrs. John J. Parmelee of

Rockdale has the best junior record book on safety in Milam County.

This is Judy's third year in 4-H. She picked safety as a project because she seemed to get more out of it. As Judy put it, "this is a worthwhile subject because I can be practical daily. It has made more aware of hazards on the farm". Judy has put on several demonstrations about safety during the past three years. This year she helped with the 4-H display at the Town and Country Fair which included a first aid kit that she made.

Judy also has several other projects which includes swine, beef, clothing, and leadership. With these projects she has won many ribbons and gained valuable information and experience.

Freeze your leftover Christmas turkey, then magically produce it weeks later in tasty salads, meat pies and sandwiches, says Mrs. Gendolyn Clyatt Extension consumer marketing specialist. Turkey frozen in large pieces will hold its quality a full month in the freezer. Smaller pieces or slices covered with gravy to keep out the air have a storage life of 6 months at 0 degrees Fahrenheit.

For a special gift for your gourmet friends, you might try cheese. There are traditional or exotic varieties, sharp or mild - and they can be purchased in exotic containers. They can be mailed easily if the container is suitable and wrapped well.

**FREEZE PARTY SNACKS**  
Fancy party sandwiches and hors d'oeuvres can be prepared a week in advance and stored in the freezer until party time. extension food specialists say. Most meats freeze well, and so do cheese spreads, olives, pickles and nuts. But, they caution, avoid moist fillings such as egg salad and tuna salad, and don't use mayonnaise or salad dressing. Instead, use lemon, orange or pineapple juice, milk, dairy sour cream, applesauce or cream cheese as binders in fillings. Spread the bread or pastry with soft - not melted - butter or margarine to form a protective coating. Thawing

# Faculty Fatties Win Over YHS?

by Lois Sapp

It was a basketball game, I think! But whatever it was, a large crowd of adults and children screamed with laughter Friday night when the 'Faculty Fatties' played the Yoemen varsity basketball squad.

The score was something like 44-32 in favor of the 'Fatties'. But it might have been a little illegal for Coach George Kirk to make six of those points with a touchdown—in a basketball game?

Warm-up time started about 7 p.m. and the 'Faculty Fatties' hit the court in beautiful new uniforms. **DRAMATIC ENTRANCE**

Fred Johns, coach for the game and looking like one of those under-cover men, brought his team out and their warm-up suits were hilarious.

It took Robert Maier ten minutes to get ready to play as he shed about six layers of clothing before he got down to play. In fact, it seemed as if none of them knew just what they were doing.

Coach Kirk came prepared to play football, donned in his football suit, and tried to do just that most of the game. It seemed Coach Bennett had mixed emotions, he looked part like a football player and part like a boxer who labeled "Tang".

An old farmer - rancher came onto the court and under the cowboy hat and stopped covering was no other than Coach McQueen. Coach Greer was equally unaware of what he was wearing as he came out wearing of all things, a baseball catcher's outfit.

Cornelius Thompson came prepared to make his boxing debut, wearing the boxers labeled "Tang".

## Jr. High Starts Playing District Teams Jan. 6th

The schedule set for play beginning on January 6 is: Hearne at Hearne, 5:30 p.m.; Rockdale, here, 5:30 p.m.; Jan. 20 Calvert, there, 6 p.m.; Jan. 22, Caldwell, there, 5:30 p.m.; Jan. 27, Hearne, here, 5:30 p.m.; Jan. 30, Rockdale, there, 5:30 p.m.; Feb. 3, open; Feb. 6 A&M Cons., here, 5:30 p.m.; Feb. 10, Caldwell, here, 5:30 p.m.; Feb. 13, A&M Cons., there, 5:30 p.m.; Feb. 14-15, Thornhill-Tourney (9th only), there.

# Toy Project Will Make Kids Happy

By Lois Sapp

Over 250 Cameron children will be remembered when Santa comes calling Christmas eve, thanks to the efforts of many who have worked on the Toys For Tots project.

"Many Cameron citizens have helped in one way or another in making this possible," said Lloyd Rider, who headed the project. The young children who will receive these presents on Christmas may not know their benefactors, but the parents will know that it took the combined efforts of many to make this Christmas a delightful event for children who would otherwise be left out.

The Toys For Tots project was taken on this year by Lloyd Rider, an employee at Anderle Lumber Company and the father of five. He says it could not have been a success without the help of everyone who has worked to renovate the toys, those who donated toys and many others who helped in various ways.

Businessmen and residents donated so many toys that the Anderle Lumber company looked like a toy shop. Toys took up a large area in the store in the final stages when the workers were preparing

to take the toys to the distribution center.

The toys were taken to the Yoe High School Gymnasium on December 21 for distribution. The parents had been sent letters requesting them to come to the gym between 1:30 and 3 p.m. to pick up the toys for their children.

Judge Don Humble has been working to help determine those who are needy and who would be eligible for the toys. Parents of 250 children have signed up for the toys or their names have been submitted in order for them to receive the gifts.

Cameron has been without a "Toys For Tots" program since 1958 when the sponsoring Junior Chamber of Commerce disbanded.

The success of the project has gone beyond the expectations of the people working on it and Rider termed it a "tremendous success."

Although Rider does not want to take credit for this success, he can still be thanked for starting the project.

It did not 'just happen.' Rider began making plans in July, seeking help and assistance, and a place to do the work.

# Outdoors In Texas

By Vern Sanford

Every outdoorsman is interested in the pollution problem.

That is the reason the recently released 1962 report of the Dept. of Health, Education and Welfare, covering fish kills, should bring us to our feet.

Texas with a total of 66 reports last year was exceeded only by Pennsylvania, which had 86 fish kills reported.

Oil well and industrial waste was responsible for most of the cases reported in Texas. Agricultural and domestic pollution also was blamed in several of the reports.

Some of these cases were accidental, where bad situations got out of control. Others were from careless management.

As cities grow larger and more complex, pollution problems increase. Excessive uses of detergents through the sewer systems also are adding to the problem. Some locations now are banning the use of certain detergents, used for cleaning clothes.

Fortunately health agencies are working hard to prevent pollution,

but it takes close cooperation on the part of industries and even municipalities.

Oil operators, paper mills and other large industries, such as chemical plants, are facing the constant problem. Now most of them care. There was a time when the majority didn't.

According to the report more than 7,000,000 fish were killed last year by water pollution. This does not take into consideration the massive kill of 37,800,000 which took place in the San Diego harbor in August, 1962. Nor does it include several states which made no reports.

Nationwide domestic sewage was the principal killer, accounting for nearly half the total amount.

The big kill in San Diego was the result of the dumping of a large quantity of oil in the coastal waters. Oil is toxic to fish.

Another big kill was reported in the Anacostia river near Washington, D.C. last September, where 3,100,000 fish were killed by the dumping of raw sewage.

The river mileage involved last year was 1500, with 25 miles of

## County Judges And Commissioners To

### Attend A&M Meet

COLLEGE STATION - The sixth annual Conference for County Judges and Commissioners will be held on the campus of Texas A&M University, Feb. 16-18, 1964.

In announcing the dates for the conference, Director John E. Hutchison, Texas Agricultural Extension Service, said it was again being sponsored by the County Judges and Commissioners Association of Texas and the Extension Service.

The conference program, the director added, will be based on information requests from the county officials. It will be designed to help them with the many problems they face in carrying out their responsibilities.

Panel discussions have been a popular means of answering the questions raised and will be used again for presentations covering such items as machinery maintenance and operation, probate, juvenile courts, tax policies, and other items of concern to commissioners' courts. Director Hutchison said that Assistant State Attorney General J. C. Davis will again be a featured contributor to the program.

Other program details and speakers will be announced in advance of the conference, the director said. He encourages early registration in order that facilities may be readied for the conference and adds that county Extension agents can supply information on registration and housing.

## Merry Christmas .....

The Herald foregoes much of its usual format at Christmas time to bring a measure of the Yule season to its readers.

That measure is spelled out in the simplicity of hundreds of letters to Santa from the children of Milam County. These letters tell about a vital aspect of Christmas: receiving a gift. While emphasis is on giving, it takes a recipient to acknowledge the gift. And this is fundamental in the symbolism of Christmas.

Who could better receive a gift than a child? Without children, there is no Christmas. Without the birth of a Child

about 1963 years ago, we would have no Christmas. These letters hold an element most important to us all. The element of belief. In a world . . . of cynicism, faith even in an old gentleman who brings toys to children is a remarkable thing.

A little faith goes a long way. A little faith goes further. Whether in Santa Claus, his reindeer or a deeper meaning of Yuletide, faith makes enduring those things believed.

We extend sincere hope that Herald readers everywhere will enjoy a Merry Christmas and Happy New Year.

Dateline Austin

## Newsman Invade Texas Capital

By Vern Sanford

AUSTIN.—When President Lyndon Johnson said "I'll be home for Christmas," he made "AUSTIN" a world dateline — and he changed the plans of a lot of newspapermen.

Reporters from all over the nation preceded, accompanied and followed the President to Central Texas.

European newsmen will arrive soon after Christmas. They will be here for German Chancellor Ludwig Erhard's December 28-29 visit to the President's famous LBJ Ranch near Johnson City.

Johnson's plans to confer with Erhard, in Texas, had been known for some time. But, his announcement that he planned to spend Christmas with his family at the ranch was a surprise.

Johnson said he wanted to relax on Christmas Day, maybe go hunting or just take to the hills "communing with myself." He also wanted to see "my sisters and my brother and my uncles and cousins and aunts."

The family scheduled the hanging of four traditional red velvet stockings from the mantel and opening of surprise presents, just like any other family. Turkey and trimmings, cooked by the ranch cook, was the Christmas day menu.

Meanwhile, 65 miles away, hundreds of the nation's top newspapermen set up headquarters and communications facilities in Austin hotels to cover the story of the President's return to Texas and the visit of German dignitaries.

Many would make the trip to the LBJ Ranch over newly-designated Ranch Road 1. Last week the Texas Highway Commission budgeted funds for reconditioning and resur-

facing the 4.5 mile loop paralleling the Pedernales River in the ranch area.

Highway Department Officials predict that the President's Ranch Road 1 address soon will be as well known as the White House at 1600 Pennsylvania Avenue Washington D. C.

**OIL PRODUCTION RAISED**  
The Texas Railroad Commission set oil production for January at 2,800,000 barrels daily, 26.5 per cent of potential.

Figure represents a very slight increase over December which was under a 26 per cent order. This is the first application of the percentage method to determine production.

**LAND CLAIM REFUSED**  
Land Commissioner Jerry Sadler has denied the application of Guerry Strong of Austin for oil rich Hidalgo County land which the Austin man claimed to be vacant or surveyed.

Strong's application covered some 6,000 acres in the Pharr area. Under State law, one who discovers unsurveyed land is entitled to one-sixteenth interest in mineral rights.

San Antonio surveyor Byron Simpson testified at length on conflicting surveys of the area. Strong claimed thousands of acres in a Porcion 72 grant from the King of Spain to Texas are not included in any valid survey. He has 90 days to appeal Sadler's ruling.

Mission Attorney Neal King call-

ed Sadler's decision a victory for present landowners.

**TOP PROBLEMS**

Texas, water and industrial development are the problems of most concern to Texans in their home area, Lt. Gov. Preston Smith found after a statewide survey.

Smith received 2,500 responses to 7,500 questionnaires mailed to Texans. Queries asked for opinions as to the biggest problems facing their cities and the immediate area in which they live and work. He found 85 per cent of answers centered on three subjects.

"Taxes and/or fiscal responsibility, water and industrial development were the three fields showing greatest concern," Smith said. "Many of the water-problem answers came from municipal areas while the small towns in rural areas were more concerned about industrial development. In many cases, water and industrial development were mentioned in the same answer."

The lieutenant governor found more concern over taxes at the local level "where increased demands for new schools and other municipal services are continuing to mount." But state taxes, too, are worrying citizens as they assess the overall load.

Education, transportation, municipal improvements, slum clearance and care of the aged were other problems listed by Texans answering Smith's questionnaires. The lieutenant governor is compiling answers to his other questions dealing with the state vs. federal control.

A number of newspapers are printing samples of the questionnaire.

**FINANCES AT A GLANCE**  
In a new summary of the State budget, Governor John Connally offers these facts on tax outgo and sources of state income:

TO public education 35 cents; highways and roads 26 cents; public welfare 15 cents; higher education 11 cents; health and hospitals four cents; law enforcement and corrections two cents; other governmental functions five cents.

FROM all types of sales taxes 37 cents; federal aid 24 cents; severance and production taxes 12 cents; franchise, gross receipts and occupational taxes eight cents; licenses, permits and registrations 10 cents; and other sources nine cents.

**HIGHWAY SAFETY URGED**  
"Drastic action" by the Legislature and law enforcement agencies will be necessary if Texas drivers don't start showing more care about their own safety, Governor Connally warned in a holiday message.

Connally, "appalled" at predictions that 96 would die in holiday traffic accidents, issued a direct appeal to all drivers to make safety their personal business.

**COUNTY ROAD INDEBTEDNESS**  
Eighty-two of Texas' 254 counties still have indebtedness on bonds for payment on pre-1939 road construction programs, according to the annual report by the Board of County and District Road Indebtedness.

The State participates in the re-

tirement of these bonds, through contributions of state gasoline sales tax money, to help finance roads that came into the state system before 1939 and in the construction of new rural roads. This participation amounted to \$7,300,000 for the year ending August 31, 1963.

**WHOOPING COUGH INCREASE**

Whooping cough — known in medical jargon as pertussis — is not the killer it used to be. But it still is causing a significant scattering of infant deaths and a spread of sickness each year.

Its incidence seems to be on the increase in Texas. During the first week of December, city and county

health officers across the state reported 19 new cases of whooping cough, bringing the 1963 total to 2,312 — an increase of 530 cases over the same period in 1962.

Only five deaths due to whooping cough were reported last year, but the State Department of Public Health already has received reports of 15 infant deaths from the disease this year.

Doctors advise expectant mothers to have their other children receive whooping cough shots, or boosters, at least three months before the new baby's arrival.

## OLD PHILOSOPHER

Philosopher Saves Time And Energy By Changing His Calendar Every Other Year

DEAR EDITOR:

I knew it was Christmas, television doesn't play Jingle Bells in July, but I thought it was Christmas 1962. I never got around to changing calendars.

In this connection, I was talking with a man who had something of the same feeling, that the years are sailing by so fast he can't keep track of them, and he was arguing we ought to hold Christmas only every other year, to give a man

time to catch his breath between seasons, but he won't get anywhere with the idea.

At any rate, I tore off my calendar, brought the year up to 1963, and while I was at it I flipped a page and got on into 1964. You're not going to catch me napping, and besides, why waste energy tearing off a year at a time when you can get two with the same effort?

I have no idea what the new year holds for me, but that isn't surprising as I haven't found out yet for sure what happened in 1963. I know we have better communications but it doesn't help much, about all television does is multiply the number of crises you're aware of. The number of trouble spots on earth probably hasn't increased, what television does is baffle you with four a week instead of the old system of one a month. Seeing may be believing but it's a long way from understanding.

However this doesn't bother me. A man who had to wait for television to find out how much there is around him he can't figure out, just wasn't looking in the first place. I don't know why I should be expected to understand what's going on in the rest of the world when I'm not sure what's taking place on this Johnson grass farm.

Yours faithfully  
J. A.

THE CAMERON HERALD

Whatever the dessert at holiday dinner, it must be of a spec-  
tacular nature—and one of the handsomest is Christmas Chocolate  
Pie. The chocolate chiffon goes into a crust of mellow corn  
flake crumbs. The pie derives its chocolate flavor from semi-  
sweet chocolate morsels, the same candy-like pieces the children  
love for out-of-hand nibbling. And thanks to the presence of  
reliable unflavored gelatine, the filling requires little cooking—  
only the few minutes necessary to dissolve the unflavored gela-  
tine and melt the chocolate morsels. For the rest, Christmas  
Chocolate Pie simply chills until ready for serving.

## Christmas Chocolate Pie

**Crumb Crust:**  
4 cups corn flakes, crushed, 2 tablespoons sugar  
or 1 cup corn flake crumbs 1/2 cup butter or margarine  
Put corn flake crumbs, sugar, and butter in a 9-inch pie pan.  
Place in moderate oven (350°F.) 5 minutes or until butter melts;  
remove. Mix well and press mixture evenly and firmly around  
sides and on bottom of pie pan. Chill.  
**Filling:**  
1 envelope unflavored gelatine 1 6-ounce package (1 cup)  
1/2 cup sugar semi-sweet chocolate morsels  
1/2 teaspoon salt 1 teaspoon vanilla  
1 1/2 cups milk 1 cup heavy cream, whipped  
Mix together unflavored gelatine, sugar and salt in saucepan.  
Stir in milk and semi-sweet chocolate morsels. Place over  
medium heat, stirring constantly, until morsels are melted, about  
5 minutes. Remove from heat; beat with a rotary beater until  
chocolate is blended. Stir in vanilla. Chill, stirring occasionally,  
until mixture mounds when dropped from a spoon, about 15 min-  
utes. Fold in whipped cream. Turn into prepared pie shell.  
Chill until firm. If desired, make wreath on top of pie with circle  
of additional whipped cream; garnish with pieces of candied  
cherries and citron. YIELD: 1 9-inch pie.

## During Holiday Season Social Drinker Driving Menace

AUSTIN - The social drinker - not the drunk - is the biggest problem on our streets and highways, especially during the holiday season.

This was the opinion expressed today by J. O. Musick, General Manager of the Texas Safety Association.

"The social drinker often shows little or no sign of being under the influence of intoxicating beverages," Musick said. "He is not 'obviously' drunk."

The director pointed out that many social drinkers have mastered the technique of being able to walk straight, talk coherently and give every sign of sobriety while they are in an intoxicated condition.

"Since they do not exhibit the stereotyped behavior of the drunk, social drinkers are not called 'drunken drivers'," he explained.

"However, no matter how sober the social drinker may appear, it is a scientific fact that his critical judgement and ability to react quickly in emergencies are seriously impaired after only a 'few' drinks."

Musick warned that, contrary to popular belief, coffee or other stimulants will not overcome the effects of alcohol. Only time and body processes will accomplish this.

A full stomach tends to slow the rate at which alcohol is absorbed into the blood stream, but it does not keep the alcohol from reaching the brain. It only delays it.

He further explained that when alcohol enters the stomach, it is absorbed through the walls of the stomach and the small intestine into the blood stream. The blood carries the alcohol to all parts of the body which contain water, including the brain. In the brain, alcohol depresses first the area of higher function, which includes judgment and social restraint.

It then attacks the simple motor functions, reaction time and vision.

Safety researchers figure it takes one hour for each bottle of beer or each ounce of whisky to be absorbed by the body.

"A safe driver is able to judge speeds and distances, follow traffic patterns and react quickly to hazards," Musick said. "The drinking driver is unable to do these things well and is a hazard to himself and to others on the road," Musick said.

Special studies made by safety experts show that more than half the drivers involved in fatal accidents during past Christmas holiday seasons had been drinking.

Musick also noted that the drinking problem is not confined to drivers. About one-fourth of all motor vehicle accidents during the Christmas holiday season involve drinking pedestrians.

The Texas Safety Association has joined the National Safety Council and other groups in the annual campaign to encourage employers and others to "dry up" their annual holiday parties.

"Although much has been accomplished in this area, it still remains for each individual to accept his moral responsibility and leave his 'bottle' at home - not on the highway," Musick concluded.

## Of Wreaths

Using wreaths as decorations at Christmas may be traced to the customs of Advent season, the four Sundays before Christmas — a time of preparation for the coming of the Christ Child. Traditionally, the Advent wreath is made of evergreen branches interlaced with red ribbons. It holds four candles. One candle is lit at dusk on the first Sunday of Advent, two the next Sunday, three the next and four on the last Sunday before Christmas. The wreath may be placed on a door, set on a table or hung from the ceiling.

## Perfect Pudding for a Party

This excellent steamed pudding is a perfect holiday dessert. Serve it hot with deliciously thick Foamy Sauce: Beat 3 egg yolks slightly and add ¼ cup confectioners' sugar, ½ teaspoon of salt, ½ teaspoon of vanilla, and if desired 1½ tablespoons of brandy. Beat until very thick and about the color of a lemon. Whip a cup of cream and fold into the egg mixture. Chill before serving.

### Holiday Chocolate Pudding

1 cup mixed candied fruits and peels	¼ teaspoon salt
¼ cup water	¼ cup butter or margarine
1½ tablespoons rum extract	¾ cup firmly packed brown sugar
1½ cups sifted flour	1 egg
2 teaspoons double-acting baking powder	3 squares unsweetened chocolate, melted
½ teaspoon baking soda	1 cup milk

Combine mixed fruits, water, and rum extract in a saucepan. Bring to a boil over high heat; then reduce heat and simmer until all liquid is absorbed, stirring occasionally.

Sift together measured sifted flour, baking powder, soda, and salt. Cream butter; gradually add sugar, continue creaming until blended. Add egg and chocolate; beat until smooth. Alternately add flour mixture and milk, beating well after each addition. Stir in fruit mixture. Spoon evenly into a well greased 2-quart mold. Cover tightly with greased aluminum foil and place mold in a pan of hot water. Bake in a moderate oven (375° F.) about 1½ hours, or until a cake tester inserted in pudding will come out almost clean and pudding begins to pull away from the sides of the mold. Serve hot. Top with Foamy Sauce, if desired. Makes 12 servings.

## New Idea for Holiday Teen Parties

Looking for a new way to entertain the high-school set? Try a Holiday Box Social, and share the fun of hostessing with your guests!

Have each young lady prepare a lunch or late-evening snack for two, wrapped in fancy Christmas dress with her name identified on the package top. Have the guests, on arriving at the party, place all the pretty Christmas surprise lunches under the Christmas tree until refreshment time.

In the meantime, write the name of each girl on a small piece of paper; roll up the paper with name inside and fasten roll with a bit of transparent tape. Insert each name in a balloon.

At serving time, each young man can choose a balloon and blow it up until it pops, revealing the name of his lunch partner. Lunch boxes may be made from old cereal, shoe or candy boxes. Gummed lace paper edgings and decorative designs pasted on the boxes give them a handsome appearance. Paste-on letters can be used for the girls' names. Ribbon, sequins, small glass "jewels" and tiny Christmas ornaments are other package trims that can be used.

To make a wreath on the party box, wrap cookies in saran and fasten them to box securely with double-edged transparent tape. Flower spray decorations can be made by individually wrapping cookies and candy tightly in saran and fastening them together with wire. Use ribbon and artificial leaves to transform the "flowers" into a corsage.

And here's a hint to the girls who are preparing the lunches—wrap the party foods in transparent saran film to keep foods at their freshest and to display your handiwork with a real holiday sparkle.

THE STORY OF THE BIRTH OF CHRIST has, for centuries, been an inspiration to artists. The Nativity, the adoration of the shepherds, the journey of the Wise Men and the Madonna and Child have been the subjects of hundreds of beautiful paintings. "The Madonna and Child," shown here, is by Vincenzo Foppa, a Milanese painter of the fifteenth and early sixteenth centuries. It is painted in tempera on wood. From the Metropolitan Museum of Art, The Theodore M. Davis Collection, Bequest of Theodore M. Davis, 1915.

## Naming Santa

Santa, the giver of many gifts, is a man of many names, too. While he is becoming almost universally known as Santa Claus, Santa or St. Nick, many European children still wait for the arrival of St. Nicholas.

St. Nicholas was the first of Santa's names and came from a real bishop in the fourth century, A.D. He is said to travel not by reindeer but on horseback, and wears bishop's robes.

Over the years, Santa has gained still other names. In France he's Pere Noel, in Finland Father Christmas, in Germany Kris Kringle, in Russia Father or Grandfather Frost.

Dear Santa,

I'm a boy in the third grade and I have a very nice teacher. I want a road building set. Will you please bring my mother a dress, my daddy some clothes, and my sister some material to make a dress.

## Sweet Citrus Christmas Gifts

The sweetest, most personal Christmas gifts are made in your own kitchen with Florida's juicy oranges, and at a minimum cost.

Pomander balls, the clove-studded oranges, are one of the oldest and most treasured of all sachets, imparting a delightful, spicy fragrance to clothes and linen closets for years. Orange-flavored nut bread, garnished with flowers of Brazil nut petals, is welcome any time of day.

**Pomander Balls**  
Large firm Florida oranges Whole cloves  
Powdered orrisroot\* Ground cinnamon  
Select large firm Florida oranges for making pomanders. Stick whole cloves into the peel of the orange until completely covered with cloves. The cloves may be inserted into the tines of a fork, or a very sharp pencil point. Roll in a mixture of equal parts of orrisroot and ground cinnamon. Use about 1½ tablespoons of the combined spices for each orange. Pat in as much of the powdered mixture as will adhere to the orange. Wrap the pomander in tissue or cellophane paper. As pomander dries and shrinks, it develops its spicy fragrance. Remove from paper, shake off any loose powder and the pomander is ready for use in linen and clothes closets. To hang in closet, tie the pomander with a piece of ribbon ending in a loop. Pomanders keep their fragrance for many years and make pretty and inexpensive gifts. \*Buy in pharmacy.

**Florida Orange Bread**  
¾ cup orange rind, sliced, 1½ cups Florida orange juice (about 4 Florida oranges) 3 eggs, well beaten  
1½ cups sugar 4 cups sifted all-purpose flour  
½ cup water 4 teaspoons baking powder  
3 tablespoons butter ½ teaspoon soda  
2 teaspoons salt

Remove the thin orange rind and cut into very thin slices. Combine sugar and water; add rind, stir constantly over heat until sugar is dissolved; cook slowly 5 minutes. (The peel and syrup should measure 1½ cups.) Add butter; stir until melted; add orange juice and beaten eggs. Sift dry ingredients together into mixing bowl. Add orange mixture and mix just enough to moisten ingredients. (Batter should be lumpy.) Bake in greased and lined loaf pan 9 x 5 x 3 inches, in slow oven (325°F.) 1 hour 15 minutes. Turn out on rack to cool. YIELD: 1 loaf.

# Take Your Problems To Church This Week

## Keeping Christ In Christmas

Are you one who thinks "Christmas isn't like it once was?" Would you like a "recipe" for a genuinely happy Christmas? It is possible to attain no matter what your age in years.

The answer to experiencing a joyous Christmas was prescribed by the One whose birth anniversary we celebrate as Christmas. The center of that occasion was a child — the Christ Child. The essentials of a truly happy Christmas, He gave to the world when he said, "Suffer little children to come unto me . . . for of such is the Kingdom of Heaven." He made each day Christmas because He lived each day as a child and He never turned children away from Him.

Attending church and taking part in its work will help plant and keep the spirit of Christmas in your heart every day by nourishing the faith and love that will help you "become as a little child."

**Holly Holds Sway**

The holly tree and its brightly berried branches hold an important place not only in holiday decorations but in the legends and lore of Christmas.

An old belief in England and Germany was that there are "he" and "she" hollies — the "he" hollies with spined leaves, the "she" hollies smooth-leaved. The varieties brought into the house at Christmas supposedly showed who would head the household for the coming year — "he" or "she."

A variation on this custom said that if the holly was brought into the house in fair weather, the husband would be master. Holly was credited with many magical and medical powers. It was believed to cure toothaches, banish rickets, and even forestall to girls the names of their future husbands.
